

BEER WORKS BREWERY LAGERS AND ALES

Beer Works started brewing in 1992 right across from the ballpark in the historic Fenway section of Boston. Since then we've added brewery-restaurants in Boston, Salem, Lowell, and outlets at Logan Airport to the Beer Works family.

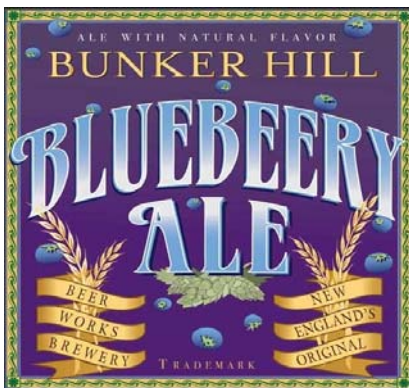

FENWAY PALE ALE

This is an "extra" pale ale, with lots of hops and more malt than our regular pale ale, making it slightly stronger as well.

This beer is dry hopped for extra aroma and bottle conditioned for freshness.

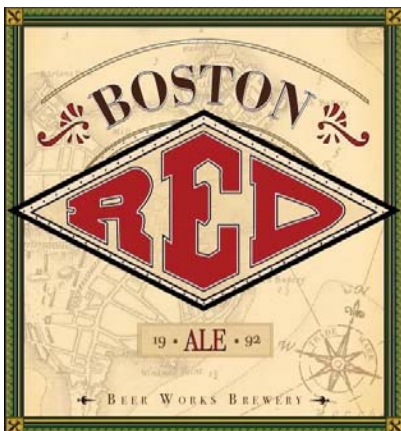

Original Gravity: 13.0° Bitterness Units: 55.0 Alc: 5.8%

BUNKER HILL BLUEBERRY ALE

New England's premier "blueberry beer" since 1992. Garnish with fresh blueberries for the original experience.

Original Gravity: 11.5° Bitterness Units: 16.0 Alc: 4.8%

BOSTON RED ALE

A malty, Amber Ale that was our very first brew. "High Dry" German roasted malt gives this ale its signature red color and malty flavor.

Original Gravity: 12.5° Bitterness Units: 30.0 Alc: 5.5%
